

I would just like to comment on how much my family, three children 10, 13 and 15 years old, my husband and I enjoy listening to the music and Christian programming of the K-Love station. There are so few radio stations in our area that my husband and I, as well as our my children enjoy the music together. Its also one of the few stations that I feel safe that my children can listen to the music and I don't need to fear that the lyrics would undercut our values and teaching. Please let K-Love continue in their programming and not replace them with a LPFM station.

Respectfully,

Lisa Durham
